

# Minibeasts and Me

UPPER  
**KS2**

## SESSION CONTENT:

- Match the body parts of minibeasts to their function
- Compare the body parts of different minibeasts using a key
- Discuss how these body parts might let minibeasts move in different ways and live in different habitats

## NATIONAL CURRICULUM LINKS/LEARNING OBJECTIVE:

- Describe how living things are classified into broad groups according to common observable characteristics and based on similarities and differences
- Classify animals into commonly found subdivisions (invertebrates: insects, spiders, snails, worms)

**LENGTH – 45 MINS**

**COST – £50**

**UP TO 35 PEOPLE**  
(including staff)

## PRE VISIT:

Identify different small animals and insects that you would find in a garden.

## POST VISIT:

Create a bug hotel at home or at school. Visit the green spaces around WMSP to look for wild minibeasts.
